The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**EXERCISE OF PURCHASE OPTION
PUBLIC LIBRARY
4990 CLARK AVENUE, CITY OF LAKEWOOD
(FOURTH DISTRICT)
(4 VOTES)**

SUBJECT

Approval of the recommended actions will authorize the exercise of an option to purchase property located at 4990 Clark Avenue in the City of Lakewood, which contains a 24,530 square foot library building and 145 parking spaces.

IT IS RECOMMENDED THAT THE BOARD:

1. Consider the Negative Declaration for which no comments were received during the public review period, and find on the basis of the whole record before the Board that this project will not have a significant effect on the environment, find that the Negative Declaration reflects the independent judgment and analysis of the Board, and adopt the Negative Declaration.
2. Find that the purchase of the property will have no adverse impact on wildlife resources and authorize the Chief Executive Office (CEO) to complete and file an appropriate determination form for this project.
3. Approve the Notice of Intention to Exercise an Option to Purchase the property located at 4990 Clark Avenue, Lakewood, consisting of approximately 2.014 acres of land with 145 surface parking spaces and 24,530 square feet of improvements for a purchase price of \$511,875, plus title and escrow fees of approximately \$3,000.

4. Set a date for public hearing.
5. Instruct the Executive Office of the Board of Supervisors to carry out the necessary legal advertising pursuant to Government Code Section 25350.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT THE BOARD:

1. Order the purchase to be consummated in accordance with Section 25350 of the Government Code and exercise the option to purchase the property for \$511,875, plus title and escrow fees of approximately \$3,000.
2. Authorize the CEO to execute any required escrow documents necessary to consummate the purchase, and to accept the deed conveying title to the County from the City of Lakewood.
3. Authorize the CEO to execute a reciprocal easement agreement for necessary ingress and egress and parking with the City of Lakewood.
4. Authorize Public Library (PL) to execute a utility agreement with the City of Lakewood for the payment of any exterior utility responsibilities related to the property.
5. Approve the total project budget of \$514,875 to acquire the property.
6. Approve an appropriation adjustment to fund the Lakewood Library land acquisition project transferring \$515,000 from the 2012-13 PL Operating Fund Services and Supplies to Capital Project No.77604.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to exercise the County's option to purchase the property, which comprises approximately 2.014 acres of land and contains 145 surface parking spaces and a 24,530 square foot library building, for a purchase price of \$511,875, plus title and escrow fees, estimated to be approximately \$3,000.

Currently, PL occupies the property pursuant to a long-term ground lease entered into with the City of Lakewood, and approved by the Board on August 31, 1971. The ground lease expires March 31, 2013. PL has utilized the property to house its library programs serving the community within the City of Lakewood and adjacent areas.

The property has an estimated market value of approximately \$5,500,000, based on an opinion of value determined by the staff appraiser from the CEO's Real Estate Division. The proposed exercise of the purchase option will allow the County to continue its use and acquire the property at a price below its estimated market value.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan Goal of Fiscal Sustainability (Goal 2) directs that we strengthen and enhance the County's capacity to sustain essential County services through proactive and prudent fiscal policies and stewardship. Exercising the option to purchase is consistent with that goal.

FISCAL IMPACT/FINANCING

The total project budget of \$514,875 consists of the property purchase price of \$511,875 plus related title and escrow fees of approximately \$3,000. Attachment A sets forth the project schedule and the project budget summary. Sufficient funding is available in the 2012-13 PL Operating Fund Services and Supplies (including use of one-time redevelopment monies) for the acquisition of the proposed property.

Approval of the attached Appropriation Adjustment (Attachment B) will authorize the transfer of \$515,000 from the 2012-2013 PL Operating Fund Services and Supplies to Capital Project No. 77604 to complete the required project funding of \$514,875.

Upon exercise of the purchase option, PL will no longer incur approximately \$31,000 per year in lease costs.

In the unlikely event the County finds that it no longer needs the property for library purposes after exercising the option and purchasing the property, the City of Lakewood will have the option to purchase the property and the building located thereon under the conditions contained in the lease at Paragraph 17. The future purchase price for the land, should the County no longer need such for library purposes, would include the land value of \$511,875, and the value for the improvements based on a formula in the lease related to the actual project cost at the time of construction incurred by the County, less depreciation. Should the City of Lakewood no longer wish to be part of the County Library system, then California Education Code section 19116 would govern the withdrawal terms and purchase prices.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Pursuant to Section 65402 of the Government Code, notice was given to the City of Lakewood Planning Department to review the proposed acquisition in relation to the City's General Plan. The CEO did not receive any objection to the acquisition from the City of Lakewood.

In order to exercise the option to purchase the property, the County must publish a "Notice of Intention to Exercise an Option to Purchase" in accordance with the provisions of Government Code Section 25350. The notice will be properly published following the Board's authorization to publish the notice. Following publication of the notice, exercise of the purchase option by the Board requires a public hearing, thus allowing the County to consummate the transaction and acquire title through escrow.

The Notice of Intention to Exercise an Option to Purchase the property from the property owner, City of Lakewood, a municipal corporation, is also attached for approval.

A Phase 1 Environmental Site Assessment was completed and the conclusion is that there is no evidence of recognized environmental conditions to address or mitigate. The CEO has satisfactorily completed its due diligence with respect to the property purchase.

ENVIRONMENTAL DOCUMENTATION

The CEO has made an initial study of environmental factors for the project in compliance with the California Environmental Quality Act (CEQA). The initial study showed that there is no evidence that the exercise of the option to purchase the property will have a significant impact on the environment.

Based on the initial study, a Negative Declaration was prepared and a notice posted at the property as required by CEQA Guidelines Section 15072. No comments to the Negative Declaration were received during the public review period. Copies of the completed initial study, the resulting Negative Declaration, and the Notice of Preparation of Negative Declaration, as posted, are attached. A fee must be paid to the State Department of Fish and Game when certain notices required by CEQA are filed with the Registrar-Recorder/County Clerk; however, the County is exempt from paying this fee when the Board finds that the project will have no impact on wildlife resources. This project is located on previously developed and urbanized land, and the initial study incorporated in the Negative Declaration concluded there will be no adverse effect on wildlife resources.

The documents and other materials constituting the record of the proceedings upon which the Board's decision is based in this matter are located at the Chief Executive Office, Real Estate Division, 222 South Hill Street, 3rd Floor, Los Angeles, California 90012. The custodian of such documents and materials is Carol Botdorf, Principal Real Property Agent.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no impact on or disruption of County services.

CONCLUSION

It is requested that the Executive Officer, Board of Supervisors, return two certified copies of the Minute Order and the adopted, stamped Board letter and the published Notice, once publication is completed, to the Chief Executive Office, 222 South Hill Street, Third Floor, Los Angeles, CA 90012, for further processing.

The Honorable Board of Supervisors

NOTICE OF INTENTION
TO PURCHASE REAL PROPERTY

NOTICE IS HEREBY GIVEN that it is the intention of the Board of Supervisors of the County of Los Angeles, State of California to purchase real property located at 4990 Clark Avenue, Lakewood, California 90712. The property is comprised of approximately 87,750 square feet of land (2.014 acres) improved with 145 surface parking spaces and a Library building containing approximately 24,530 square feet in the County of Los Angeles, State of California legally described on the attached Exhibit "A" for the sum of FIVE HUNDRED ELEVEN THOUSAND EIGHT HUNDRED SEVENTY FIVE DOLLARS (\$511,875) from the fee simple owner, City of Lakewood, a municipal corporation.

NOTICE IS HEREBY GIVEN that the purchase of real property will be consummated by the Board of Supervisors of the County of Los Angeles, State of California, on the 26th day of March, 2013 at 9:30 a.m. in the Hearing Room of the Board of Supervisors, Room 381, Kenneth Hahn Hall of Administration, 500 West Temple Street, Los Angeles, California 90012. No obligation will arise against the County and in favor of the Seller with respect to the purchase of the property described herein until the Board of Supervisors approves the purchase on the named consummation date.

DATE POSTED – November 1, 2012

NOTICE OF PREPARATION OF NEGATIVE DECLARATION

This notice is provided as required by the California Environmental Quality Act and California Administrative Code Title 14 Division 6, Section 15072 (a) (2) B.

A Negative Declaration has been prepared for this site based on an Initial Study which consists of completion and signing of a CEQA Environmental Checklist Form showing background information as follows:

ORIGINAL FILED

NOV 01 2012

LOS ANGELES, COUNTY CLERK

1. Name of Proponent - County of Los Angeles
Chief Executive Office
2. Address/Phone No. - 222 South Hill Street, 3rd Floor
Los Angeles, California 90012

Agent
Carol Botdorf
Principal Real Property Agent

Telephone
(213) 974-4161

3. Date Information Form Submitted – November 1, 2012
4. Agency Requiring Information Form - Los Angeles County
Chief Executive Office
5. Name of Proposal, if Applicable - Purchase of Leased Property
6. Address of Facility Involved – 4990 Clark Avenue
Lakewood, CA 90712

Interested parties may obtain a copy of the Negative Declaration and the completed CEQA Environmental Checklist Form/Initial Study by contacting the Principal Real Property Agent indicated under 2. above and referring to the proposal by name or to the facility by address.

NEGATIVE DECLARATION

Department Name: Public Library
Project: Purchase of Property

Pursuant to Section 15072, California Environmental Quality Act and California Administrative Code Title 14, Division 6

1. Description of Project

The proposed project is for the County of Los Angeles to purchase property comprised of approximately ½ acre of land, which contains a 10,000 square foot library building in the City of Lakewood, California previously constructed by the County of Los Angeles, with adjacent surface parking for approximately 145 vehicles. The property is located in the Fourth Supervisorial District approximately 22 miles southeast of the Los Angeles Civic Center.

2. a. Location of Project (parcel plan attached)

4990 Clark Avenue
Lakewood, CA 90712

b. Name of Project Proponent

County of Los Angeles
Chief Executive Office
222 South Hill Street, 3rd Floor
Los Angeles, CA 90012

3. Finding for Negative Declaration

It has been determined that this project will not have a significant effect on the environment based on information shown in the attached CEQA Initial Study dated November 1, 2012 for this project.

4. Initial Study

An Initial Study leading to this Negative Declaration has been prepared by the Chief Executive Office and is attached hereto.

5. Mitigation Measures Included in Project

None required.

Date
November 1, 2012

Carol Botdorf

Telephone
(213) 974-4161

County of Los Angeles

Purchase of a Portion of a lot, Lakewood, CA 90712

CEQA Initial Study

1. Project title:

Purchase of a portion of a lot, APN 7172-002-904
Street address is 4990 Clark Avenue, Lakewood, CA 90712

2. Lead agency:

County of Los Angeles
Chief Executive Office
222 S. Hill St., 3rd Floor
Los Angeles, CA 90012

3. Contact person:

Carol Botdorf
Principal Real Property Agent
(213) 974-4161

4. Project location:

The project is located in the Fourth Supervisorial District approximately 22 miles southeast of the Los Angeles Civic Center, in the City of Lakewood, CA. The address of the property is 4990 Clark Avenue, Lakewood, CA 90712.

5. General plan designation:

The project is located within a commercial zoned area.

6. Zoning:

This project is currently zoned as LKC1 per the City of Lakewood Zoning Map.

7. Project Description:

The proposed project is the purchase by the County of Los Angeles of property that it currently occupies under a lease. The County will continue to occupy and utilize the building with no expected significant change in use.

8. Surrounding land uses and setting:

The Property is located along an arterial street with primarily mixed uses. There are residential properties, freeways, and commercial retail structures.

9. Other public agencies whose approval is required:

The County of Los Angeles will serve as the lead agency under CEQA. Approval by the Los Angeles County Board of Supervisors will be necessary for the project to proceed.

10. Identification of Environmental Effects:

- A. Refer to Environmental checklist attached hereto and incorporated herein by reference.
 - B. The project will not conflict with adopted zoning by the city of Lakewood's Planning Department.
 - C. The project will not have a substantial demonstrable negative aesthetic effect on the Properties.
 - D. No rare or endangered species of animal or plant or the habitat of the species will be affected by the project. Nor will it interfere substantially with the movement of any resident fish or wildlife species or migratory fish or wildlife species.
 - E. The project will not breach published national, state or local standards relating to solid waste or litter control.
 - F. The project will not substantially degrade water quality, contaminate water supply, substantially degrade or deplete ground water resources, or interfere substantially with ground water recharge.
 - G. There are no known archeological sites existing at the project site.
 - H. The proposed project will not induce substantial growth or concentration of population.
 - I. The project will not cause a substantial increase to existing traffic. Nor will it affect the carrying capacity of the present street system.
 - J. The project will not displace any persons from the property.
 - K. The project will not, permanently, substantially increase the ambient noise levels to adjoining areas. Noise generated by the proposed use does not exceed that previously experienced in the area.
 - L. The project will not cause flooding, erosion or siltation.
 - M. The project will not expose people or structures to major geologic hazards.
 - N. The project will not increase sewer services.
 - O. No substantial increase in energy consumption is anticipated by the project.
 - P. The project will not disrupt or divide the physical arrangement of established community; nor will it conflict with established recreational, educational, religious or scientific uses in the area.
 - Q. No public health or safety hazard or potential public health or safety hazard will be created by this project.
 - R. The project will not violate any ambient air quality standard, contribute substantially to an existing or projected air quality violation, or expose sensitive receptors to substantial pollutant concentrations.
-

11. Discussions of Ways to Mitigate Significant Effects

The project is for the continuation for the use and occupancy of the premises by the County utilizing the premises for which it was originally designed, continually used and originally approved for by local governmental agencies. No mitigation measures are deemed necessary.

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

| | | |
|--|---|---|
| <input type="checkbox"/> Aesthetics | <input type="checkbox"/> Agricultural Resources | <input type="checkbox"/> Air Quality |

| <input type="checkbox"/> Utilities/Service Systems | <input type="checkbox"/> Mandatory Findings of Significance | |

DETERMINATION: (To be completed by the Lead Agency)

On the basis of this initial evaluation:

- ☒ I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.
- ☐ I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions to the project have been made by or agreed to by the applicant. A MITIGATED NEGATIVE DECLARATION will be prepared.
- ☐ I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.
- ☐ I find that the proposed project MAY have a "potentially significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect (1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and (2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.
- ☐ I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the project, nothing further is required.

Signature Carol Botdorf

Date: November 1, 2012

Printed Name Carol Botdorf

EVALUATION OF ENVIRONMENTAL IMPACTS:

1. A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g., the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g., the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
 2. All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
 3. Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.
 4. "Negative Declaration: Less Than Significant With Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less Than Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from Section XVII, "Earlier Analyses," may be cross-referenced).
 5. Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063(c)(3)(D). In this case, a brief discussion should identify the following:
 - a) Earlier Analysis Used. Identify and state where they are available for review.
 - b) Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
 - c) Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project.
 6. Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g., general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.
 7. Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
 8. This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.
 9. The analysis of each issue should identify:
 - a) the significance criteria or threshold, if any, used to evaluate each question; and
 - b) the mitigation measure identified, if any, to reduce the impact to less than significance.
-

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|--|--|--|--|---|
| 1.→AESTHETICS. Would the project: | | | | |
| a. Have a substantial adverse effect on a scenic vista? | | | | X |
| b. Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway? | | | | X |
| c. Substantially degrade the existing visual character or quality of the site and its surroundings? | | | | X |
| d. Create a new source of substantial light or glare that would adversely affect day or nighttime views in the area? | | | | X |
| e. Create a new source of substantial shade or shadow that would adversely affect daytime views in the area? | | | | X |
| <p><i>(Source: Project Description, site visit)</i></p> <p>The Project consists of the purchase of land, which contains a public library building, for its continued and uninterrupted use by the County.</p> | | | | |
| | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

2→AGRICULTURE RESOURCES. In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation as an optional model to use in assessing impacts on agriculture and farmland. Would the project:

| | | | | |
|--|--|--|--|---|
| a. Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use? | | | | X |
| b. Conflict with existing zoning for agricultural use, or a Williamson Act contract? | | | | X |
| c. Involve other changes in the existing environment that, due to their location or nature, could result in conversion of Farmland, to non-agricultural use? | | | | X |

(Source: City of Lakewood Planning and Development Department, site visit, California Department of Conservation Division of Land Resource Protection)

The Project is located within an area that is fully developed. The Project site is urban and built-up land according to California Department of Conservation maps.

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

3. AIR QUALITY. Where available, the significance criteria established by the applicable air quality management or air pollution control district may be relied upon to make the following determinations. Would the project:

| | | | | |
|---|--|--|--|---|
| a. Conflict with or obstruct implementation of the applicable air quality plan? | | | | X |
| b. Violate any air quality standard or contribute substantially to an existing or projected air quality violation? | | | | X |
| c. Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard (including releasing emissions which exceed quantitative thresholds for ozone precursors)? | | | | X |
| d. Expose sensitive receptors to substantial pollutant concentrations? | | | | X |
| e. Create objectionable odors affecting a substantial number of people? | | | | X |

(Source: Project Description, site visit and South Coast Air Quality Management District)

The Project is consistent with the South Coast Air Quality Management District and as a result, will not conflict with or obstruct implementation of the SCAQMD. The Project will contain no requirement for construction or demolition and therefore, no construction or demolition emissions impacts that significantly affect air quality will occur. The Project will not generate any substantial odors. The Project will not adversely affect any sensitive receptors.

| | | | | |

| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|--|--|--|--|---|
| 4. BIOLOGICAL RESOURCES. Would the project: | | | | |
| a. Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Game or U.S. Fish and Wildlife Service? | | | | X |
| b. Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations or by the California Department of Fish and Game or U.S. Fish and Wildlife Service? | | | | X |
| c. Have a substantial adverse effect on federally protected wetlands as defined by Section 404 of the Clean Water Act (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means? | | | | X |
| d. Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites? | | | | X |
| e. Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance? | | | | X |
| f. Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan? | | | | X |
| <i>(Source: Project Description, site visit and United States Environmental Protection Agency)</i> The Project will not have any adverse effects on any species. | | | | |

| | | | | |
|--|---------------------------------------|---|-------------------------------------|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---------------------------------------|---|-------------------------------------|------------------|

| 5. CULTURAL RESOURCES. Would the project: | | | | |
|--|--|--|--|---|
| a. Cause a substantial adverse change in the significance of a historical resource as defined in CEQA Guidelines Section 15064.5? | | | | X |
| b. Cause a substantial adverse change in the significance of an archaeological resource pursuant to CEQA Guidelines Section 15064.5? | | | | X |
| c. Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature? | | | | X |
| d. Disturb any human remains, including those interred outside of formal cemeteries? | | | | X |
| <p><i>(Source: Project Description)</i></p> <p>No known historic resources exist within the project site, therefore impacts are expected to be nonexistent. There will be no earthmoving activities to warrant an impact on an archaeological or paleontological resources. The project will not disturb any human remains, including those interred outside of formal cemeteries.</p> | | | | |

| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---------------------------------------|---|-------------------------------------|------------------|
|--|---------------------------------------|---|-------------------------------------|------------------|

| 6. GEOLOGY AND SOILS. Would the project: | | | | |
|--|--|--|--|---|
| a. Expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving: | | | | X |
| i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42. | | | | X |
| ii) Strong seismic ground shaking? | | | | X |
| iii) Seismic-related ground failure, including liquefaction? | | | | X |
| iv) Landslides? | | | | X |
| b. Result in substantial soil erosion, loss of topsoil, or changes in topography or unstable soil conditions from excavation, grading, or fill? | | | | X |
| c. Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on-or off-site landslide, lateral spreading, subsidence, liquefaction or collapse? | | | | X |
| d. Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial risks to life or property? | | | | X |
| e. Have soils incapable of adequately supporting the use of septic tanks or alternative wastewater disposal systems where sewers are not available for the disposal of wastewater? | | | | X |

(Source: Project Description, California Geological Survey)

According to maps of known active fault near-source zones in California and adjacent portions of Nevada, no active faults occur at the project site. There are thousands of recognized faults in California, hundreds of which have been given formal names, but only a very small number of these pose significant hazards. The motion between the Pacific and North American plates occurs primarily on the faults of the San Andreas Fault system and the eastern California shear zone. Other faults have much lower rates of movement, and correspondingly longer times between significant earthquakes. The improvements were originally constructed to meet the minimum local seismic safety standards in effect at the time of construction to reduce the risk of injury or loss of lives to the occupants of the structure as a result from earthquake fault ruptures, seismic ground shaking, liquefaction, or landslides.

| | | | | |
|--|--------------------------------|--|------------------------------|-----------|
| | Potentially Significant Impact | Less Than Significant with Mitigation Incorporated | Less Than Significant Impact | No Impact |
|--|--------------------------------|--|------------------------------|-----------|

| 7. HAZARDS AND HAZARDOUS MATERIALS: Would the project: | | | | |
|---|--|--|--|---|
| a. Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials? | | | | X |
| b. Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment? | | | | X |
| c. Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school? | | | | X |
| d. Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment? | | | | X |
| e. For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area? | | | | X |
| f. For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area? | | | | X |
| g. Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan? | | | | X |
| h. Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands? | | | | X |
| <p>(Source: Project Description, Project Location, US Environmental Protection Agency National Priorities List, California Department of Toxic Substances Control.)</p> <p>According to the United States Environmental Protection Agency National Priorities List and California Department of Toxic Substances Control, the Project area is not listed as containing a hazardous materials site. The proposed Project would not result in significant hazards or hazardous materials impacts associated with schools, airports, or private airstrips. Because the subject property is located within an urban developed area, there is no risk of wildland fires.</p> | | | | |

| | | | | |
|--|---------------------------------------|---|-------------------------------------|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---------------------------------------|---|-------------------------------------|------------------|

| | | | | |
|---|--|--|--|---|
| 8. HYDROLOGY AND WATER QUALITY. Would the project: | | | | |
| a. Violate any water quality standards or waste discharge requirements? | | | | X |
| b. Substantially deplete groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)? | | | | X |
| c. Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of stream or river, in a manner that would result in substantial erosion or siltation on- or off-site? | | | | X |
| d. Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or amount of surface runoff in a manner that would result in flooding on or off-site? | | | | X |
| e. Create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff? | | | | X |
| f. Otherwise substantially degrade water quality? | | | | X |
| g. Place housing within a 100-year flood hazard area as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map? | | | | X |
| h. Place within a 100-year flood hazard area structures that would impede or redirect flood flows? | | | | X |
| i. Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam? | | | | X |
| j. Inundation by seiche, tsunami, or mudflow? | | | | X |
| <p>(Source: Project Description, State Water Resource Control Board, FEMA)</p> <p>The Project area contains land and a fully improved and permitted public library building. Rain water is diverted to the streets and/or sewers. The subject property is not located within a mapped flood zone per FEMA.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|--|--|--|--|---|
| 9. LAND USE AND PLANNING. Would the project: | | | | |
| a. Physically divide an established community? | | | | X |
| b. Conflict with any applicable land use plan, policy, or regulation of an agency with jurisdiction over the project (including, but not limited to the general plan, specific plan, local coastal program, or zoning ordinance) adopted for the purpose of avoiding or mitigating an environmental effect? | | | | X |
| c. Conflict with any applicable habitat conservation plan or natural community conservation plan? | | | | X |
| <p><i>(Source: Project Description and City of Lakewood's zoning map)</i></p> <p>The Project improvements will remain the same with no current or foreseeable major changes expected in the near future. Thus, no new conflicts with surrounding land uses would occur. The Project site is currently used and occupied by the County. The Project is consistent with applicable local zoning and building and safety requirements at the time of construction. The only changes that the Project will result in are the change of the owner. The resulting change of ownership will not cause a change in the use of the Project.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|---|--|--|--|---|
| 10. MINERAL RESOURCES. Would the project: | | | | |
| a. Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state? | | | | X |
| b. Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan? | | | | X |
| <p><i>(Source: Project Description)</i></p> <p>Implementation of the Project does not involve any removal or excavation, and thus would not result in the removal of mineral deposits, if any were to exist. In addition, the proposed Project would not cover or otherwise make inaccessible any unknown resources on-site. No mineral resource impacts would occur.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|--|--|--|--|---|
| 11. NOISE. Would the project result in: | | | | |
| a. Exposure of persons to or generation of noise levels in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies? | | | | X |
| b. Exposure of persons to or generation of excessive groundborne vibration or groundborne noise levels? | | | | X |
| c. A substantial permanent increase in ambient noise levels in the project vicinity above levels existing without the project? | | | | X |
| d. A substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project? | | | | X |
| e. For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels? | | | | X |
| f. For a project within the vicinity of a private airstrip, would the project expose people residing or working in the project area to excessive noise levels? | | | | X |
| <p><i>(Source: Project Description)</i></p> <p>The site within the Project area is located along an arterial street improved with various commercial buildings in use. The Project will continue to be used for public library purposes and no increase of substantial noise is anticipated.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|---|--|--|--|---|
| 12. POPULATION AND HOUSING. Would the project: | | | | |
| a. Induce substantial population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)? | | | | X |
| b. Displace substantial numbers of existing housing, necessitating the construction of replacement housing elsewhere? | | | | X |
| c. Displace substantial numbers of people, necessitating the construction of replacement housing elsewhere? | | | | X |
| <p><i>(Source: Project Description)</i></p> <p>The proposed Project does not include new housing or businesses that may induce growth, nor does it propose the extension of infrastructure that may indirectly induce growth. The nature of the Project will not necessitate the construction or elimination of viable or replacement housing. The only changes that the Project will result in are the change of the owner. The resulting change of ownership will not cause a change in the use of the Project.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

13. PUBLIC SERVICES.

| | | | | |
|---|--|--|--|---|
| a. Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other performance objectives for any of the public services: | | | | X |
| i) Fire protection? | | | | X |
| ii) Police protection? | | | | X |
| iii) Schools? | | | | X |
| iv) Parks? | | | | X |
| v) Other public facilities? | | | | X |
| <p><i>(Source: Project description)</i></p> <p>The property would require police and fire protection, but to no greater degree than is currently required. The nature of the Project will not necessitate the construction of new facilities or increase the demand on public services such as schools, parks, and other facilities because it is the continuation of its current use.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| 14. RECREATION. | | | | |
|---|--|--|--|---|
| a. Would the project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated? | | | | X |
| b. Does the project include recreational facilities or require the construction or expansion of recreational facilities that might have an adverse physical effect on the environment? | | | | X |
| c. Would the project affect existing recreational opportunities? | | | | X |
| <p><i>(Source: Project Description)</i></p> <p>The Project does not increase the use of neighborhood and regional parks nor does the project include recreational facilities. Existing recreational facilities will not be affected by the property because it is the continuation of its existing use.</p> | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

15. TRANSPORTATION/TRAFFIC. Would the project:

| | | | | |
|---|--|--|--|---|
| a. Cause an increase in traffic that is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections)? | | | | X |
| b. Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways? | | | | X |
| c. Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks? | | | | X |
| d. Substantially increase hazards due to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)? | | | | X |
| e. Result in inadequate emergency access? | | | | X |
| f. Result in inadequate parking capacity? | | | | X |
| g. Conflict with adopted policies, plans, or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)? | | | | X |

(Source: Project Description)

No increased traffic will result from this property purchase nor will air and road traffic patterns be affected by the Project. No changes are expected to occur due to the acquisition resulting in the continuation of the current use of the property.

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

| | | | | |
|--|--|--|--|---|
| 16. UTILITIES AND SERVICE SYSTEMS. Would the project: | | | | |
| a. Exceed wastewater treatment requirements of the applicable Regional Water Quality Control Board? | | | | X |
| b. Require or result in the construction of new water or wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects? | | | | X |
| c. Require or result in the construction of new stormwater drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects? | | | | X |
| d. Have sufficient water supplies available to serve the project from existing entitlements and resources, or are new or expanded entitlements needed? | | | | X |
| e. Result in a determination by the wastewater treatment provider that serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments? | | | | X |
| f. Be served by a landfill with sufficient permitted capacity to accommodate the project's solid waste disposal needs? | | | | X |
| g. Comply with federal, state, and local statutes and regulations related to solid waste? | | | | X |
| <i>(Source: Project Description)</i> No further impacts or changes are expected to occur due to the acquisition of the Project simply resulting in the continuation of the current use of the property. | | | | |

| | | | | |
|--|---|---|---|------------------|
| | <i>Potentially Significant Impact</i> | <i>Less Than Significant with Mitigation Incorporated</i> | <i>Less Than Significant Impact</i> | <i>No Impact</i> |
|--|---|---|---|------------------|

17. MANDATORY FINDINGS OF SIGNIFICANCE.

| | | | | |
|--|--|--|--|---|
| a. Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or prehistory? | | | | X |
| b. Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects)? | | | | X |
| c. Does the project have environmental effects that will cause substantial adverse effects on human beings, either directly or indirectly? | | | | X |

(Source: Project Description)

The only changes that the Project will result in are the change of the owner. The resulting change of ownership should have no further impacts on the environment.
